Investment Objective

To generate risk adjusted returns by investing in short, medium and long-term Shariah Compliant Fixed Income instruments.

Manager's Comment

During the month, the fund generated an annualized return of 17.46% against its benchmark return of 11.20%. WAM of the fund was 2.6 years at month end.

In order to maintain a strong credit profile, the fund has been prudent in its risk policies and has avoided taking exposure in a number of weak credit corporate debt instruments offering a higher yield including some from power, banking, microfinance and miscellaneous sectors.
