Dear Investor,

On behalf of the Board of Directors, I am pleased to present Unaudited Financial Statements of MCB Dynamic Cash Fund for the first quarter ended September 30, 2010.

MARKET OVERVIEW

During the period under review, short term market rates remained relatively lower amid a better liquidity scenario in the money market. Monetary expansion was witnessed in the latter part of the quarter, especially post-floods amid higher government borrowing from the SBP, as well as better foreign flows. Due to surplus liquidity, the SBP conducted several OMOs during the period to mop-up excess liquidity from the market. Decent flows from the UN and IMF for flood affectees have not only improved the system's liquidity but have also taken the country's FX reserves to a record level of around US\$ 17 billion. Considering the devastation caused by the country-wide floods and its likely adverse impact on key macro-indicators, the SBP has turned its monetary stance hawkish by cumulatively increasing its policy discount rate by 100 bps during the period under review. Supply-side issues have already started to create further inflationary pressures, with YoY CPI Inflation for Aug'10 coming at 13.2%, 250 bps up on a MoM basis. Already alarming fiscal deficit is expected to go up significantly during FY11 amid floods while its funding through domestic sources are likely to keep pressure on the interest rates. External CAD, which has already widened by 49% during 2M FY11, is expected to increase during the year with higher expected trade deficit amid production losses caused by the floods.

04

FUND PERFORMANCE

1-month KIBOR averaged at 12.4% during the period under review as compared to 12.1% during the previous quarter and closed the quarter at 12.7%. KIBOR has risen slightly over the previous quarter primarily due to a rise in the policy discount rate. The fund, on the other hand, generated an annualized return of 14.9% during the period as against the benchmark 1M KIBOR of 12.4%, an out-performance of 2.5%. Although the fund has kept a decent exposure in good quality TFCs, its exposure to Government papers has risen significantly due to an attractive risk-return profile.

FUTURE OUTLOOK

Due to the absence of significant foreign flows, the government has been relying on the borrowing from the central bank, which could fuel inflationary pressures further while disturbing the balance of the overall monetary mechanism. Although, the State Bank of Pakistan is expected to remain hawkish given the deterioration in key macro-economic variables, we believe that the growth in net foreign assets (NFA) would hold the key in dictating the liquidity and interest rate direction going forward.

In a fast changing interest rate environment, the fund would continue to maintain its focus on the credit quality of the portfolio while exploiting attractive opportunities in the market.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

YASIR QADRI
Chief Executive Officer

11 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund (WWF) Ordinance, 1971, whereby the definition of "industrial establishment" was amended to include therein, any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 (Ordinance of 1969) applies. Management Company of the Fund, based on a legal advice obtained through Mutual Funds Association of Pakistan (MUFAP), was of a firm view that Collective Investment Scheme (CIS) were not establishments and therefore, the WWF Ordinance should not be applicable to such schemes. The MUFAP had also filed a constitutional petition in the High Court of Sindh (the Court) on behalf of the members, challenging the applicability of WWF to the CIS. The said petition was dismissed by the Court vide its order dated May 25, 2010 on the main ground that the MUFAP (Petitioner) could not be held entitled to maintain a petition in respect of its members as it was not the aggrieved party. The Judgment recognises that the Trusts are covered by the scope of the definition of commercial establishment as contained in Ordinance of 1969 and, therefore, mutual funds and other funds appear to be covered unless it can be established that they fall within the scope of exemption set out in Section 5 (1)(iii) of the Ordinance of 1969 i.e. the Trusts not run for profit or in the course of business does not make any profit. This could be examined when the aggrieved parties directly approached the Court for redressal.

In the meantime, clarification has been obtained by the MUFAP from the Ministry of Labour & Manpower, Workers' Welfare Fund, Govt. of Pakistan, which, through their letter nos. WWF (A - II)11,(5)/2010 dated July 8, 2010 and July 15, 2010, have clarified that the WWF Ordinance, 1971 does not have any provisions for the applicability of WWF on those entities whose income are exempt from income tax under any provisions of any law, and that mutual funds are a product being managed / sold by asset management companies which are not liable to contribute towards the said WWF levy.

MCB DYNAMIC CASH FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE QUARTER ENDED SEPTEMBER 30, 2010

Various legal opinions are available on this matter. Some legal advisors are of the view that this levy is not applicable on CIS and therefore provision is not required to be created while there is also a contrary view according to which this levy has become applicable on the fund and the letter issued by the Ministry of Labour & Manpower, Government of Pakistan has no legal significance.

Because of ambiguity created based on conflicting opinions by lawyers and as a matter of abundant caution the Management Company of the Fund has decided to recognize a provision for WWF in these financial statements.

Dear Investor,

On behalf of the Board of Directors, I am pleased to present Unaudited Financial Statements of MCB Dynamic Stock Fund for the quarter ended September 30, 2010.

MARKET OVERVIEW

The performance of the local equities market during the period under review remained sluggish with lackluster turnover, whereas the regional markets posted healthy returns during the same period. Market activities were largely dominated by the foreign investors who poured in around US\$106 million during the period as locals preferred to remain on the sidelines owing to few factors including imposition of Capital Gains Tax and its modalities, calamity of country-wide floods and its economic repercussions, rise in interest rates, political volatility and law & order instability. After posting a healthy performance in July 2010 with the KSE-100 Index making a period high at 10,519 (+8.2%), the market succumbed to economic pressures caused by fiscal imbalances and inflationary pressures compelling the central bank to take a policy shift by raising the discount rate by 50 basis points to 13% in end-July. During the same month, the country was also affected by the devastating floods that aggravated the economic imbalances of an already fragile economy. A sizeable rise in the yields of the country's Euro Bond and Credit Default Swaps (CDS) also served to reflect the concerns on the rising macroeconomic imbalances.

18

Higher foreign pledges and commitments for the re-building activities in the flood-hit areas in the country gave the market a little room to regain some confidence. However, likely deterioration in some key macro-indicators coupled with a slow materialization of these foreign flows led the central bank to adopt a completely hawkish stance with another 50 basis points DR hike towards the end of the period under review taking the policy discount rate to 13.5%.

FUND PERFORMANCE

Your fund, during the period under review posted a return of 4.8% as against its benchmark return of 1.2%, an out-performance of 3.6%. Since its inception, your fund posted a return of 25% as compared to a decline of 31.1% in its benchmark, reflecting a significant out-performance of 56.1%. Inline with the view of weak economic outlook, your fund reduced its exposure towards equities with a focus on a combination of defensive and value stocks providing attractive yields.

FUTURE OUTLOOK

A hawkish monetary policy stance of the State Bank of Pakistan coupled with the overall economic slowdown is likely to adversely affect the performance of the local equities market of the country. However, the much awaited leverage product may provide the market with some respite in the short-run. Although, the local equities remained at a significant discount to the regional peers, the long-term direction of the equities market is highly dependent on the local macroeconomic variables and interest rates direction. We believe that the timely materialization of committed foreign flows, pace of rebuilding activities, improvement in fiscal balances, direction of interest rates and political and law & order situation of the country hold the key in dictating the long term direction of the equities market.

ACKNOWLEDGEMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

YASIR QADRI
Chief Executive Officer

6 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund (WWF) Ordinance, 1971, whereby the definition of "industrial establishment" was amended to include therein, any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 (Ordinance of 1969) applies. Management Company of the Fund, based on a legal advice obtained through Mutual Funds Association of Pakistan (MUFAP), was of a firm view that Collective Investment Scheme (CIS) were not establishments and therefore, the WWF Ordinance should not be applicable to such schemes. The MUFAP had also filed a constitutional petition in the High Court of Sindh (the Court) on behalf of the members, challenging the applicability of WWF to the CIS. The said petition was dismissed by the Court vide its order dated May 25, 2010 on the main ground that the MUFAP (Petitioner) could not be held entitled to maintain a petition in respect of its members as it was not the aggrieved party. The Judgment recognises that the Trusts are covered by the scope of the definition of commercial establishment as contained in Ordinance of 1969 and, therefore, mutual funds and other funds appear to be covered unless it can be established that they fall with in the scope of exemption set out in Section 5 (1)(iii) of the Ordinance of 1969 i.e. the Trusts not run for profit or in the course of business does not make any profit. This could be examined when the aggrieved parties directly approached the Court for redressal.

In the meantime, clarification has been obtained by the MUFAP from the Ministry of Labour & Manpower, Workers' Welfare Fund, Govt. of Pakistan, which, through their letter nos. WWF (A – II)11.5/2010 dated July 8, 2010 and July 15, 2010, have clarified that the WWF Ordinance, 1971 does not have any provisions for the applicability of WWF on those entities whose income are exempt from income tax under any provisions of any law, and that mutual funds are a product being managed / sold by asset management companies which are not liable to contribute towards the said WWF levy.

Various legal opinions are available on this matter. Some legal advisors are of the view that this levy is not applicable on CIS and therefore provision is not required to be created while there is also a contrary view according to which this levy has become applicable on the fund and the letter issued by the Ministry of Labour & Manpower, Government of Pakistan has no legal significance.

Because of ambiguity created based on conflicting opinions by lawyers and as a matter of abundant caution the Management Company of the Fund has decided to recognize a provision for WWF in these financial statements.

7 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the period, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. The Fund has not recorded any tax liability in respect of income relating to the current period as the management company intends to distribute at least 90 percent of the Fund's accounting income for the period as reduced by capital gains (whether realised or unrealised) to its unit holders. The income of the Fund for the period is exempt from income tax under Clause 99 of Part 1 of the Second schedule to the Income Tax Ordinance, 2001.

Dear Investor,

On behalf of the Board of Directors, I am pleased to present the Unaudited Financial Statements of MCB Dynamic Allocation Fund for the 1st quarter ended September 30th 2010.

MARKET OVERVIEW

The signs of global economic stability and rising global liquidity have kept the emerging markets in the radars of foreign portfolio investors. Albeit small, Pakistan was amongst the countries that continued attracting foreign liquidity. Foreigners were also the single largest force driving Pakistan's equities market, while the locals preferred to remain on the sidelines owing to a range of factors including the imposition of Capital Gains Tax, calamity of country-wide floods, macro-economic slowdown, hike in interest rates, political noise and law & order instability. The KSE-100 Index was marginally up by 3% during the period under review. Kicking-off the FY11 with 8.2% return in KSE-100 Index in July, the economic outlook of the country was flattened by the devastating floods across the country giving rise to concerns over inflationary pressures, further fiscal imbalances, slowdown in economic growth and interest rates direction. Citing the deterioration in macroeconomic balances coupled with a slow materialization of foreign flows and higher reliance of government on SBP borrowing, the central bank adopted a hawkish monetary stance and raised the discount rate cumulatively by 100 bps during the quarter to 13.5%.

33

Short term market rates remained lower during the period as the money market remained relatively liquid due to the materialization of UN and IMF flows for flood-affectedees and government's heavy borrowing from the central bank for its fiscal funding. Intermediate to longer tenure rates, however, adjusted upwards due to the rise in policy discount rate.

FUND PERFORMANCE

Your fund posted a return of 4.3% during the period under review, while since its inception your fund posted a return of -18.4%. Your fund is maintaining a defensive investment strategy with 54% exposure towards government securities while it stands at an equities exposure of 21% at the end of the period under review with a focus of maintaining a balance between defensive high yielding and value stocks.

OUTLOOK

A rising interest rate environment with higher inflationary pressures and low economic growth outlook may trigger stock market re-rating at lower multiples. On the other hand, defensive stocks that are insulated from economic slowdown and are hedged against exchange rate depreciation may lead the market in our opinion. We, however, believe that the timely materialization of foreign flows is critical in dictating the capital market liquidity and interest rates direction going forward.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

Yasir Qadri
Chief Executive Officer

5 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund (WWF) Ordinance, 1971, whereby the definition of "industrial establishment" was amended to include therein, any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 (Ordinance of 1969) applies. Management Company of the Fund, based on a legal advice obtained through Mutual Funds Association of Pakistan (MUFAP) was of a firm view that Collective Investment Scheme (CIS) were not establishments and therefore, the WWF Ordinance should not be applicable to such schemes. The MUFAP had also filed a constitutional petition in the High Court of Sindh (the Court) on behalf of the members, challenging the applicability of WWF to the CIS. The said petition was dismissed by the Court vide its order dated May 25, 2010 on the main ground that the MUFAP (Petitioner) could not be held entitled to maintain a petition in respect of its members as it was not the aggrieved party. The Judgment recognises that the Trusts are covered by the scope of the definition of commercial establishment as contained in Ordinance of 1969 and, therefore, mutual funds and other funds appear to be covered unless it can be established that they fall within the scope of exemption set out in Section 5 (1)(iii) of the Ordinance of 1969 i.e. the Trusts not run for profit or in the course of business does not make any profit. This could be examined when the aggrieved parties directly approached the Court for redressal.

In the meantime, clarification has been obtained by the MUFAP from the Ministry of Labour & Manpower, Workers' Welfare Fund, Govt. of Pakistan, which, through their letter nos. WWF (A - II)11.(5)/2010 dated July 8, 2010 and July 15, 2010, have clarified that the WWF Ordinance, 1971 does not have any provisions for the applicability of WWF on those entities whose income are exempt from income tax under any provisions of any law, and that mutual funds are a product being managed / sold by asset management companies which are not liable to contribute towards the said WWF levy.

Various legal opinions are available on this matter. Some legal advisors are of the view that this levy is not applicable on CIS and therefore provision is not required to be created while there is also a contrary view according to which this levy has become applicable on the fund and the letter issued by the Ministry of Labour & Manpower, Government of Pakistan has no legal significance.

Because of ambiguity created based on conflicting opinions by lawyers and as a matter of abundant caution the Management Company of the Fund has decided to recognize a provision for WWF in these financial statements.

Dear Investor,

On behalf of the Board of Directors, I am pleased to present the Unaudited Financial Statements MCB Cash Management Optimizer for the 1st quarter ended September 30, 2010.

MARKET OVERVIEW

During the period under review, short term market rates remained relatively lower amid better liquidity scenario in the money market. Monetary expansion was witnessed in the latter part of the quarter especially post-floods amid higher government borrowing from the SBP as well as better foreign flows. Significant NDA growth, mainly due to excessive government borrowing from the central bank, which stood at Rs. 220 billion YTD, is alarming as it is expected to disturb the monetary mechanism going forward. Significant concerns have emerged post-floods on the worsening of the macroeconomic balances, which are also highlighted by the SBP and foreign donor agencies. Due to supply side shocks and resultant rise in commodities prices, inflationary pressures have started to re-emerge significantly, with YoY CPI Inflation for Aug'10 coming at 13.2%. Current account deficit has also widened during 2M FY11 with a deficit level of US\$ 944 million, up 49% YoY. Fiscal deficit, which was already concerning, is expected to go up significantly during FY11 amid floods while its funding through domestic sources are likely to keep pressure on the interest rates. Citing rising imbalances in key macro-indicators, the SBP has adopted a hawkish monetary stance with a cumulative increase of 100 bps in its policy discount rate during the quarter.

FUND PERFORMANCE

During the first 12 months of its launch, MCB Cash Management Optimizer (MCB CMOP) was able to perform reasonably well and hence grew to a size of around PKR 7.6 billion by the end of Sep'10. During the quarter under review, the fund generated an annualized return of 10.9% as against its benchmark return of 5.6%, an out performance of 5.3%. The fund remained significantly invested in short-end Treasury bills with a focus on adjusting its portfolio duration to capitalize on the fluctuating liquidity and interest rates in the market.

FUTURE OUTLOOK

Devastations caused by floods are likely to hamper key macroeconomic indicators including Inflation, GDP growth, External and Fiscal account deficit. Expectations of rising twin deficits, deteriorating NDA/NFA ratio amid higher borrowing from the SBP, rising inflationary concerns and lower real GDP growth estimates are pointing towards a bleak economic outlook. In our view, continuation of IMF program and timely materialization of pledged foreign inflows are critical for the liquidity and interest rates outlook.

In a fast changing interest rate environment, the fund would deploy its assets in attractive low risk short duration instruments without compromising on liquidity.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

Yasir Qadri
Chief Executive Officer

5 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund (WWF) Ordinance, 1971, whereby the definition of "industrial establishment" was amended to include therein, any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 (Ordinance of 1969) applies. Management Company of the Fund, based on a legal advice obtained through Mutual Funds Association of Pakistan (MUFAP), was of a firm view that Collective Investment Scheme (CIS) were not establishments and therefore, the WWF Ordinance should not be applicable to such schemes. The MUFAP had also filed a constitutional petition in the High Court of Sindh (the Court) on behalf of the members, challenging the applicability of WWF to the CIS. The said petition was dismissed by the Court vide its order dated May 25, 2010 on the main ground that the MUFAP (Petitioner) could not be held entitled to maintain a petition in respect of its members as it was not the aggrieved party. The Judgment recognises that the Trusts are covered by the scope of the definition of commercial establishment as contained in Ordinance of 1969 and, therefore, mutual funds and other funds appear to be covered unless it can be established that they fall within the scope of exemption set out in Section 5 (1)(iii) of the Ordinance of 1969 i.e. the Trusts not run for profit or in the course of business does not make any profit. This could be examined when the aggrieved parties directly approached the Court for redressal.

In the meantime, clarification has been obtained by the MUFAP from the Ministry of Labour & Manpower, Workers' Welfare Fund, Govt. of Pakistan, which, through their letter nos. WWF (A - II)11.5/2010 dated July 8, 2010 and July 15, 2010, have clarified that the WWF Ordinance, 1971 does not have any provisions for the applicability of WWF on those entities whose income are exempt from income tax under any provisions of any law, that mutual funds are a product being managed/sold by asset management companies which are not liable to contribute towards the said WWF levy.

Various legal opinions are available on this matter. Some legal advisors are of the view that this levy is not applicable on CIS and therefore provision is not required to be created while there is also a contrary view according to which this levy has become applicable on the fund and the letter issued by the Ministry of Labour & Manpower, Government of Pakistan has no legal significance.

Because of ambiguity created based on conflicting opinions by lawyers and as a matter of abundant caution the Management Company of the Fund has decided to recognize a provision for WWF in these financial statements.

6 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. The Fund has not recorded a tax liability in respect of income relating to the current period as the management company intends to distribute more than 90 percent of the Fund's accounting income for the period as reduced by capital gains (whether realised or unrealised) to its unit holders.

7 EARNINGS / (LOSS) PER UNIT

Earnings / (Loss) per unit has not been disclosed as in the opinion of the management determination of cumulative weighted average number of outstanding units for calculating earnings / (loss) per unit is not practicable.

Dear Investor,

On behalf of the Board of Directors, I am pleased to present Unaudited Financial Statements of MCB Sarmaya Mehfooz Fund's for the 1st quarter ended September 30th 2010.

MARKET OVERVIEW

Despite a gradual improvement in global economic scenario, local macroeconomic environment suffered a major blow in the form of country-wide floods. Some of the key macroeconomic indicators including GDP growth, inflation and twin deficits are likely to be adversely affected by this catastrophe. Despite a stagflation in the economy, the State Bank of Pakistan has decided to act proactively in order to control the widening macroeconomic imbalances and hence increased its policy discount rate cumulatively by 100 bps to 13.5% during the period under review.

Although most of the key sectors listed on the stock exchange are largely immune from the floods, local equities market came under pressure due to a) rising macroeconomic imbalances, b) absence of a margin financing product and c) rising interest yield resulting in a downward multiples re-rating. Foreign portfolio investment (FPI), however, remained a major supporter for the market with a net buy of around US\$ 106 million during the quarter and hence kept the market in a decent range.

60

The money market rates, on the other hand, remained on a lower side during the quarter as the market remained relatively liquid owing to a) higher government borrowing from the SBP and b) UN and IMF flows for flood affectees. The central bank continued with frequent OMOs towards the end of the quarter to mop-up excess liquidity from the market.

FUND PERFORMANCE

The fund posted a return of 2.1% during the period under review as against its benchmark return of 1.6%, an out performance of 0.5%. The fund kept a significant portion of around 91% in TDRs to cover the capital protection segment, while keeping marginal exposure in equities owing to deteriorating macroeconomic indicators and weak outlook. Within its equities exposure, the fund's focus remained towards defensive plays offering high dividend yields. The fund also kept a decent exposure towards Government papers that were offering attractive yields.

OUTLOOK

A rising interest rate environment with higher inflationary pressures and low economic growth outlook may trigger stock market re-rating at lower multiples. On the other hand, defensive stocks that are insulated from economic slowdown and are hedged against exchange rate depreciation may lead the market in our opinion. We, however, believe that the timely materialization of foreign flows is critical in dictating the capital market liquidity and interest rate's direction going forward.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

Yasir Qadri
Chief Executive Officer

6 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund (WWF) Ordinance, 1971, whereby the definition of "industrial establishment" was amended to include therein, any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 (Ordinance of 1969) applies. Management Company of the Fund, based on a legal advice obtained through Mutual Funds Association of Pakistan (MUFAP) was of a firm view that Collective Investment Scheme (CIS) were not establishments and therefore, the WWF Ordinance should not be applicable to such schemes. The MUFAP had also filed a constitutional petition in the High Court of Sindh (the Court) on behalf of the members, challenging the applicability of WWF to the CIS. The said petition was dismissed by the Court vide its order dated May 25, 2010 on the main ground that the MUFAP (Petitioner) could not be held entitled to maintain a petition in respect of its members as it was not the aggrieved party. The Judgment recognises that the Trusts are covered by the scope of the definition of commercial establishment as contained in Ordinance of 1969 and, therefore, mutual funds and other funds appear to be covered unless it can be established that they fall with in the scope of exemption set out in Section 5 (1)(iii) of the Ordinance of 1969 i.e. the Trusts not run for profit or in the course of business does not make any profit. This could be examined when the aggrieved parties directly approached the Court for redressal.

In the meantime, clarification has been obtained by the MUFAP from the Ministry of Labour & Manpower, Workers' Welfare Fund, Govt. of Pakistan, which, through their letter nos. WWF (A – II)11.(5)/2010 dated July 8, 2010 and July 15, 2010, have clarified that the WWF Ordinance, 1971 does not have any provisions for the applicability of WWF on those entities whose income are exempt from income tax under any provisions of any law, and that mutual funds are a product being managed / sold by asset management companies which are not liable to contribute towards the said WWF levy.

Various legal opinions are available on this matter. Some legal advisors are of the view that this levy is not applicable on CIS and therefore provision is not required to be created while there is also a contrary view according to which this levy has become applicable on the fund and the letter issued by the Ministry of Labour & Manpower, Government of Pakistan has no legal significance.

Because of ambiguity created based on conflicting opinions by lawyers and as a matter of abundant caution the Management Company of the Fund has decided to recognize a provision for WWF in these financial statements.

7 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the period, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. The Fund has not recorded any tax liability in respect of income relating to the current period as the management company intends to distribute at least 90 percent of the Fund's accounting income for the period as reduced by capital gains (whether realised or unrealised) to its unit holders. The income of the Fund for the period is exempt from income tax under Clause 99 of Part 1 of the Second schedule to the Income Tax Ordinance, 2001.
