### REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY FOR THE QUARTER ENDED SEPTEMBER 30, 2013

Dear Investor,

On behalf of the Board of Directors, I am pleased to present MCB Islamic Income Fund's accounts review for the first quarter ended September 30th 2013.

#### ECONOMY AND MONEY MARKET OVERVIEW

On the macroeconomic front, inflation has remained slightly higher during the period with CPI averaging around 8.06% amid implementation of tax reforms and higher food prices. The current account balance remained in pressure posting a deficit of \$632 million during 2MFY14 as opposed to surplus of \$582 million during the same period last fiscal year. During the last year, saving grace came in the form of proceeds under the account of Coalition support funds in August, 2012 amounting to \$1.18 bn. On the other hand, financial account registered a surplus of \$401 million in 2MFY14 as compared to deficit of \$271 million during the corresponding period last year.

Out of total \$3 billion repayments to IMF due in FY14, the government repaid around \$850 million to IMF in the 1QFY14. This along with delay in Coalition Support Funds and higher oil payments has reduced reserve balance to around \$9.9 billion as on 27-Sep-13, from \$11 billion at the start of the FY14. Consequently, the local currency fell by more than 6% against USD during 1QFY14.

During the quarter, the country successfully managed to enter into three-year \$6.6 billion loan program with IMF. Out of total financing of around \$2.2 billion scheduled for FY14 under IMF Extended Fund Facility (EFF), the country received first tranche of around \$543 million in 1QFY14.

Moreover, Fiscal side has remained a cause of concern for policy makers with FY13 deficit touching a level of around 8% of GDP (Rs 1.83 trillion deficit size in absolute terms) as opposed to the budgeted deficit of around 6.5%.

Keeping in view that inflation is likely to increase going forward and to arrest decline in foreign reserves balance, the government announced 50 bps hike in the discount rate in the last monetary policy, sending a strong signal that the discount rate will be used to keep inflation rate under check. A combination of higher power tariffs, rise in oil prices and rupee deprecation is likely to keep inflationary pressure on the higher side during the year.

In the money market, short term market rates remained on the higher side amid tight liquidity in the system. Despite Rs 94 billion net growth in Net Domestic Assets during the quarter (till 27th Sep), money supply (M2) has contracted due to reduction in Net Foreign Assets by around Rs 150 billion. Hence, M2 has contracted by 0.63% in the 1QFY14 (till 27th Sep) as opposed to expansion of 0.58% during the same period last year. While Borrowing from SBP increased by Rs444 billion as opposed to net decline in borrowing of around Rs 372 billion during the same period last year.

Given an upward trajectory in YoY CPI inflation coupled with monetary tightening scenario, the yield curve has adjusted significantly upwards during the period. Hence 1 year PKRV adjusted upwards by 77 bps to 9.71 %, while longer tenure year 10 year PKRV adjusted upwards by 203 bps to 12.96 % during the quarter under review.

#### FUND PERFORMANCE

During the quarter under review, the fund generated an annualized return of 7.56% as against its benchmark return of 5.74%, depicting an outperformance of 1.82%.

During the period, the fund has gradually been increasing its exposure towards GoP Ijarah Sukuk, which stood at around 72.2% at quarter-end, on the back of decent yield as well as capital gains potential. The fund has kept its remaining exposure in cash and bank deposits at decent rates.

### REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY FOR THE QUARTER ENDED SEPTEMBER 30, 2013

The Net Asset of the Fund as at September 30, 2013 stood at Rs. 2,543 million as compared to Rs 2,946 million as at June 30 2013 registering a decrease of 13.67%

The Net Asset Value (NAV) per unit as at September 30, 2013 was Rs. 100.08 as compared to opening NAV of Rs. 100 per unit as at June 30, 2013 registering an increase of Rs. 0.08 per unit

#### **Income Distribution**

During the Quarter The Management Company has announced the following interim distribution

27-Sept-2013 1.8266

#### FUTURE OUTLOOK

We will continue to closely monitor foreign inflows in the presence of higher oil prices and debt repayment to international donors. We believe that the sustainability of external account, in the presence of higher inflationary pressures, would be a key factor shaping up interest rate direction. The foreign reserve balance will continue to remain in the limelight, with the country scheduled to repay more than \$2.3 billion to IMF during the next three quarters. As a result, the local currency is likely to remain under pressure.

The reserve position is likely to improve towards the later half of the ongoing fiscal year, with the government expecting significant improvement in foreign direct investments and materialization of pledges made by multilateral agencies. In addition to projected CSF inflow of around \$1.2 billion, the country is eyeing inflow of \$2.7 billion during the next three quarters under the umbrella of program financing.

While the economic environment is challenging, corporate earnings are by and large expected to continue to improve. Earnings growth is expected to continue in E&P, Textile, Power and cement sector. The rupee depreciation bodes well for textile, E&P and power sector, while higher allocation in PSDP will increase demand for cement.

#### **ACKNOWLEDGMENT**

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

For and on behalf of the board

#### 5 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a Constitutional Petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh, challenging the applicability of WWF to the CISs, which is pending for adjudication.

### NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED) FOR THE QUARTER ENDED SEPTEMBER 30, 2013

Subsequently, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. However on December 14, 2010 the Ministry filed its response against the Constitutional petition requesting the court to dismiss the petition. According to the legal counsel who is handling the case, there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in Court.

During the year ended 30 June 2012, the Honourable Lahore High Court (LHC) in a Constitutional Petition relating to the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006 and the Finance Act, 2008 has declared the said amendments as unlawful and unconstitutional and struck them down. In March 2013 a larger bench of the Sindh High Court (SHC) in various constitutional petitions filed by companies other than mutual funds declared that amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006, and the Finance Act 2008, do not suffer from any constitutional or legal infirmity.

However, as per advice of legal counsel the stay granted to CIS remains intact and the constitution petitions filed by the CIS to challenge the WWF contribution have not been affected by the SHC judgment.

In view of the afore mentioned developments and uncertainties created by the recent decision by Honourable Sindh High Court, the Management company, as a matter of abundant precaution, has decided to retain the entire provision for WWF. During the quarter the Fund charged Rs.0.970 million on account of WWF. The aggregate amount of WWF charged as on September 30, 2013 is Rs. 7.430 million. If the same were not made the NAV of the fund would have been higher by Rs. 0.29 per unit.

#### 6 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the fund is required to distribute 90% of the net accounting income other than unrealised capital gains to the unit holders. The Fund is also exempt from the provision of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance 2001. Since the management has distributed the income earned by the Fund during the year to the unit holders in the manner as explained above accordingly no provision for taxation has been made in these financial statements.

#### 7 EARNINGS PER UNIT

Earnings per unit has not been disclosed as in the opinion of the management determination of cumulative weighted average number of outstanding units for calculating earnings per unit is not practicable.
