REPORT OF THE DIRECTOR OF MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2015

On behalf of the Board of Directors, I am pleased to present Pakistan Pension Fund's accounts review for the year ended June 30th, 2015.

ECONOMY AND MONEY MARKET OVERVIEW

Lower oil prices benefited the country in the form of improving macroeconomic indicators during FY15. Average annual inflation remained significantly below the target, foreign exchange reserves improved, Current account deficit narrowed down and GDP growth marginally increased.

As oil prices stood around \$63 per barrels at the end of June, 2015 in the international market, the Brent crude has nearly halved in price since its peak of around \$114 a barrel touched in June, 2014. Hence, on the heels of stable food prices and cut in fuel prices in the domestic market, Consumer Price Inflation averaged around 4.56% in FY15 as opposed to the average inflation of 8.6% in FY14. While the country's current account deficit summed to \$2.28 billion at the end of FY15 as opposed to deficit of \$ 3.13 billion in FY14. With trade deficit largely unchanged compared to the previous year, improvement in the current account balance came from growth in remittances.

Import bill remained close to the last year's level, as benefit of lower oil bill was annulled by volumetric increase in imports in other segments. Exports remained weak in consideration of disruptive power supplies, weak competitiveness and a weak demand outlook in export destinations particularly Europe. Workers' Remittances totaled to \$ 18.45 billion in FY15, marking a growth of 17 percent as compared to last year.

At the same time, financial account registered a surplus of \$ 4.52 billion as compared to a surplus of \$ 5.55 billion recorded during the last year. This is mainly due to lower Direct Investments and Portfolio investments in the country. The country's FX reserves got an impetus from multilateral and bilateral disbursements, successful continuation of IMF program, privatization proceeds, Sukuk auction and lower oil bill. The reserves stood at around \$ 18.7 billion at the end of June, increased by around \$4 billion in FY15.

Keeping in view of subsiding inflationary pressure along with improving outlook on the balance of payment, the State Bank announced successive cuts in the discount rate in the monetary policy held in November, January, March and May, bringing the discount rate to 7 percent from 10 percent at the start of the year.

With the country battling with power crisis and poor infrastructure, commitment of \$47 billion in the form of investments in the power and infrastructure sectors by Chinese president in April-2015 is expected to provide an impetus to resource mobilization and economic activity for Pakistan. Pace of progress along with extent of domestic partnerships on key development projects shall however be critical for achieving the desired impact on economy over the next 3 years.

All these positives developments led to the improvement in the country's rating outlook by the international rating agencies. Moody's Investors Service has upgraded Pakistan to the 'B-3' category. While Standard and Poor's (S&P) ratings' agency has raised Pakistan's credit rating to positive, with rating reaffirmed at B-.

M2 has expanded by 12.3 percent during FY15 (till June 26, 2015) as opposed to 11.43% in FY14 with stable contribution from NFA. At the same time, the net borrowing from the banking system increased by Rs 1,001 billion as opposed to Rs 373 billion during the previous year.

Treasury market remained quite active during the year, largely due to declining interest rate scenario stemming from sharp decline in oil prices. Participation largely remained concentrated in longer tenure paper causing strain on short term liquidity which was supported by SBP through frequent OMO injections. In order to efficiently manage market liquidity, SBP introduced a target rate; 50bps below the ceiling rate (Discount rate). Moreover, to reduce volatility, policy makers also reduced the width of the interest rate corridor by 50 bps to 200 bps.

EQUITIES MARKET OVERVIEW

KSE-100 index rose by a decent 16% in FY15 as against an average annual growth of 35% recorded during the past three fiscal years.

Mid and small cap stock remained in the limelight on the back of lower energy cost and commodity price. Index heavy weights i.e. Oil and Gas and Banking sectors remained the main contributors to dismal market performance. Declining trend with high volatility in oil prices didn't allow Oil and Gas sector to perform while attractiveness of banking sector was marred by regular reductions in discount rate causing the net interest margins to shrink.

Monetary easing and low interest rate outlook on the back of lower expected inflation supported the performance of leveraged and high yielding sectors like Fertilizer and Electricity. Cement sector was the beneficiary of both soft raw material cost and lower interest rate. Mid and small cap stocks benefited on account of lower energy cost and commodity prices.

The average turnover stood at around 218 million shares, while foreigners remained buyer with net inflow of around \$39 million. Strong participation in HBL transaction, including a foreign exchange component of \$764 million, reflects the confidence of investors in improving macroeconomic fundamentals.

Equity Fund

The Equity sub-fund generated a return of 37.95% while the KSE-100 increased by 16.01% during the period under review. The sub-fund decreased its overall equity exposure to 90.1% from 95.8%. Sector-wise, the sub-fund reduced its exposure in Oil & Gas

REPORT OF THE DIRECTOR OF MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2015

(Exploration, Refineries and Oil Marketing Companies), Commercial Banks and Electricity sectors, whilst increased its exposure towards Fertilizer and Paper & Board sectors.

The Net Assets of the Fund as at June 30, 2015 stood at Rs. 394.81 million as compared to Rs. 211.96 million as at June 30, 2014 registering an increase of 86.27%.

The Net Asset Value (NAV) per unit as at June 30, 2015 was Rs. 375.91 as compared to opening NAV of Rs. 272.49 per unit as at June 30, 2014 registering an increase of Rs. 103.42 per unit.

Debt Fund

The debt sub-fund generated an annualized return of 16.85% during FY15. The fund gradually built exposure in T-bills which was eliminated by the end of last year. Exposure towards PIBs decreased from 86.2% to 64.5%.

The Net Assets of the Fund as at June 30, 2015 stood at Rs. 339.03 million as compared to Rs. 244.77 million as at June 30, 2014 registering an increase of 38.51%.

The Net Asset Value (NAV) per unit as at June 30, 2015 was Rs. 205.15 as compared to opening NAV of Rs. 175.56 per unit as at June 30, 2014 registering an increase of Rs. 29.59 per unit.

Money Market Fund

The money market sub-fund generated a return of 7.17% during the period. The fund increased its exposure in T-bills from 94.2% to 98.8% during the period.

The Net Assets of the Fund as at June 30, 2015 stood at Rs. 139.07 million as compared to Rs. 138.59 million as at June 30, 2014 registering an increase of 0.346%.

The Net Asset Value (NAV) per unit as at June 30, 2015 was Rs. 193.02 as compared to opening NAV of Rs. 180.10 per unit as at June 30, 2014 registering an increase of Rs. 12.92 per unit.

FUTURE OUTLOOK

On the back of weak crude oil prices, average CPI is expected to remain in lower range of around 6% in FY16. Forex Reserves are also expected to remain strong with the continued focus of government on privatization plans. Moreover, the government aims to raise \$1 billion by issuing Eurobond and planning to borrow \$1 billion from Islamic Development Bank (IDB) in FY16. The agreement with China for investment in infrastructure and energy projects is likely to support the weak FDI and shall be the key to rejuvenate economic activity.

Due to subsiding cost pressure, we expect manufacturing sectors, primarily, Auto, Cement and Consumer sectors to outperform the broader market. Moreover, continuation of expansionary environment suggests high-dividend yield companies will continue to perform. While improvement in Pakistan's sovereign outlook and possible reclassification of Pakistan to emerging market by MSCI will support appetite for Large Cap stocks.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

Yasir Qadri

HABIBMETRO

TRUSTEE REPORT TO THE PARTICIPANTS

PAKISTAN PENSION FUND

REPORT OF THE TRUSTEE PURSUANT TO RULE 31(H) OF VOLUNTARY PENSION SYSTEM RULES, 2005

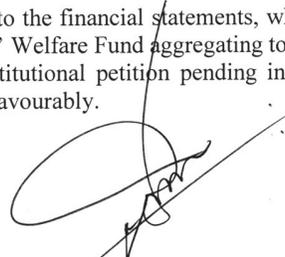

Pakistan Pension Fund was established under a Trust Deed dated June 4, 2007 executed between Arif Habib Investments Limited, as the Pension Fund Manager and MCB Financial Services Limited (MCBFSL), as the Trustee.

As per the Deed of change of Trustee and amendment in the Trust Deed dated July 21, 2014 Habib Metropolitan Bank Limited retired as the Trustee and Central Depository Company of Pakistan Limited was appointed as the new Trustee of the Fund. However, the title to the assets of the Fund was transferred to Central Depository Company of Pakistan Limited on September 30, 2014.

In our opinion, the Pension Fund Manager has in all material respects managed the Fund during the period from 01 July 2014 to 30 September 2014 in accordance with the provisions of the following:

- (i) investment policy prescribed by the Commission and borrowing limitations set out in the trust deed are complied with;
- (ii) methods adopted by the Pension Fund Manager in calculating the values of units of each sub fund of the pension fund were adequate and in accordance with the provisions of the trust deed or as specified by the Commission;
- (iii) the issue, redemption and cancellation of units are carried out in accordance with the trust deed and the VPS Rules, 2005; and
- (iv) any other matter required under the trust deed of the pension fund and VPS Rules, 2005

For the purpose of information, we draw attention to note 7.1 to the financial statements, which explains the matter with respect to the contribution for Workers' Welfare Fund aggregating to Rs. 2.561 million. In this regard, the Fund expects that the constitutional petition pending in the Honorable High Court of Sindh on the subject will be decided favourably.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** The Pakistan Pension Fund (the Fund) was established under a Trust Deed executed between MCB-Arif Habib Savings and Investments Limited as Pension Fund Manager and Muslim Commercial Financial Services (Private) Limited (MCFSL) as Trustee. The Trust Deed was approved by the Securities and Exchange Commission of Pakistan (SECP) on May 24, 2007 and was executed on June 04, 2007 under the Voluntary Pension System Rules, 2005 (VPS Rules). Habib Metropolitan Bank Limited was appointed as the new Trustee in place of MCFSL through a revised Trust Deed dated June 16, 2011 which was approved by SECP on July 07, 2011. Central Depository Company of Pakistan Limited was appointed as the new Trustee in place of HMBL through a revised Trust Deed dated July 21, 2014 which was approved by SECP on July 23, 2014. PPF is an open-ended pension fund consisting of three sub-funds namely PPF Equity Sub-Fund, PPF Debt Sub-Fund and PPF Money Market Sub-Fund. Units are offered for public subscription on a continuous basis. The number of units of any sub-fund purchased out of contributions depends on the Allocation Scheme selected by the respective Participant out of the allocation schemes offered by the Pension Fund Manager.
- 1.2** MCB-Arif Habib Saving and Investments Limited has been licensed to act as a Pension Fund Manager under VPS Rules through a certificate of registration issued by the SECP. The registered office of the Pension Fund Manager is situated at Techno City Corporate Tower, Hasrat Mohani Road, Karachi, Pakistan.
- 1.3** Title to the assets of the Fund is held in the name of Central Depository Company Limited as trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the provisions of the Companies Ordinance, 1984, the requirements of the Trust Deed, the Voluntary Pension System Rules, 2005 and the directives issued by the SECP. Wherever the requirements of the Trust Deed, the VPS Rules, or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the VPS Rules, or the requirements of the said directives prevail.

2.2 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which have been marked to market and carried at fair value in accordance with the requirements of Voluntary Pension System Rules, 2005 and International Accounting Standards (IAS)39: 'Financial Instruments: Recognition and Measurement'.

2.3 New Standards, Interpretations and Amendments

The Fund has adopted the following accounting standards and the amendments and interpretation of IFRSs which became effective for the current year:

IAS 19 – Employee Benefits – (Amendment) - Defined Benefit Plans: Employee Contributions

IAS 32 – Financial Instruments : Presentation – (Amendment)
– Offsetting Financial Assets and Financial Liabilities

IAS 36 – Impairment of Assets – (Amendment)
– Recoverable Amount Disclosures for Non-Financial Assets

IAS 39 – Financial Instruments: Recognition and Measurement – (Amendment)
– Novation of Derivatives and Continuation of Hedge Accounting

IFRIC 21 – Levies

IAS 27 – Separate Financial Statements – Equity Method in Separate Financial Statements (Amendment)	January 01, 2016

The Fund expects that the adoption of the above amendments and interpretation of the standards will not affect the Fund's financial statements in the period of initial application.

In addition to the above standards and interpretations, amendments to various accounting standards have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after July 01, 2014. The Fund expects that such improvements to the standards will not have any impact on the Fund's financial statements in the period of initial application.

Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

2.5 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Fund's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in application of accounting policies principally relate to classification and valuation of investments (note 3.1).

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Financial assets

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

3.1.1 Classification

The Fund classifies its financial assets in the following categories: 'investment at fair value through profit or loss' - held-for-trading, 'loans and receivables' and 'available-for-sale investment'. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition and re-evaluates this classification on a regular basis.

a) Investments at fair value through profit or loss

These include held-for-trading investments and such other investments that, upon initial recognition, are designated under this category. Investments are classified as held-for-trading if they are acquired for the purpose of selling in the near term. After initial measurement, such investments are carried at fair value and gains or losses on revaluation are recognised in the income statement.

b) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. The Fund's loans and receivables comprise of balances with banks, deposits and other receivables and dividend and profit receivable.

c) Available-for-sale

These are non-derivatives that are either designated in this category or not classified in any of the other categories.

3.1.2 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

3.1.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets designated at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

3.1.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as 'at fair value through profit or loss' - held-for-trading and 'available-for-sale' are valued as follows:

a) Government securities

The investment of the Fund in government securities is valued on the basis of rates announced by the Financial Markets Association of Pakistan, except for Government of Pakistan Ijarah Sukuks, which are valued on the basis of broker average rates obtained from Mutual Funds Association of Pakistan (MUFAP).

b) Equity securities

The investment of the Equity Sub-Fund in equity securities is categorised 'at fair value through profit or loss' - held-for-trading and 'available-for-sale' and is valued on the basis of quoted market prices available at the stock exchange.

c) Debt securities

The investment of the Fund in debt securities is valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its Circular No. 1 dated January 6, 2009 as amended by Circular No. 33 dated October 24, 2012. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorizes them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

Net gains and losses arising from the difference between the carrying amount and the value determined in accordance with the criteria mentioned above in respect of financial assets at fair value through profit or loss are recognised as unrealised gain or loss in the income statement.

Net gains and losses arising from the difference in value determined in accordance with the above mentioned criteria compared to the carrying amount in respect of available-for-sale financial assets are recognised in other comprehensive income until the available-for-sale financial assets are derecognised. At this time, the cumulative gain or loss previously

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

recognised directly in other comprehensive income is reclassified from other comprehensive income to income statement as a reclassification adjustment.

Loans and receivables are carried at amortised cost.

3.1.5 Impairment

The carrying amounts of the Fund's assets are assessed at each balance sheet date to determine whether there is any indication of impairment in any asset or group of assets. If such indication exists, the recoverable amount of the assets is estimated and impairment losses are recognised immediately as an expense in the income statement. In case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in other comprehensive income is reclassified from other comprehensive income and recognised in the income statement. Impairment losses recognised on equity financial assets recognised in the income statement are not reversed through the income statement.

During the year, provision for non-performing debt securities and other exposures is made in accordance with the criteria specified in Circular No. 1 dated January 06, 2009 as amended by Circular No. 33 dated October 24, 2012 and Circular No. 13 dated May 04, 2009 issued by SECP. The provisioning policy has been duly formulated and approved by the Board of Directors of the Management Company.

For loans and receivables, a provision for impairment is established when there is objective evidence that the Fund will not be able to collect all amounts due according to the original terms. The amount of the provision is difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

3.1.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

3.1.7 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

3.1.8 Reclassification

The Fund may choose to reclassify a non-derivative trading financial asset in equity securities out of the 'held-for-trading' category to the 'available-for-sale' category if the financial asset is no longer held for the purpose of selling it in the near term. Such reclassifications are made only in rare circumstances arising from a single event that is unusual and highly unlikely to recur in the near term. Reclassifications are made at fair value as of the reclassification date which then becomes the new cost and no reversals of fair value gains or losses recorded before the reclassification date are subsequently made.

3.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Financial liabilities include payable to the Pension Fund Manager, payable to the Trustee and other liabilities.

3.3 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the income statement.

3.4 Formation cost

Formation cost represents expenditure incurred prior to the commencement of operations of the Fund. It is being amortised over a period of three years in accordance with the requirements set out in the Trust Deed of the Fund.

3.5 Issue, allocation, reallocation and redemption of units

Contribution received from a participant is allocated to the sub-funds on the basis of the allocation scheme selected by the Participant out of the allocation schemes offered by the Pension Fund Manager. Units issued in respect of a sub-fund are recorded at the offer price of that sub-fund, determined by the Pension Fund Manager for the applications received by the distributors during business hours on that day. The offer price represents the Net Asset Value per unit of the sub-funds as of

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

the close of the business day plus the allowable sales load and provision for duties and charges, if applicable. The sales load is payable to the investment facilitators, distributors and the Pension Fund Manager.

The Pension Fund Manager makes reallocation of the sub-fund units between the sub-funds at least once a year to ensure that the allocations of the sub-fund units of all the Participants are according to the allocation schemes selected by the Participants.

3.6 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called the 'element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed' is created, in order to prevent the dilution of per unit income and distribution of income already paid out on redemption.

The Fund records that portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period which pertains to unrealized gains / (losses) that form part of the Unit Holders' Funds in a separate reserve account and any amount remaining in this reserve account at the end of an accounting period (whether gain or loss) is included in the amount available for distribution to the unit holders. The remaining portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period is recognized in the Income Statement.

3.7 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.8 Net asset value per unit

The Net Asset Value per unit as disclosed on the balance sheet is calculated by dividing the net assets of a sub-fund by the number of units of the sub-funds in circulation at the year end.

3.9 Earnings per unit

Earning Per Unit (EPU) for the year ended June 30, 2015 in respect of each sub-fund, has been calculated by dividing the net income after taxation of a sub-fund by weighted average number of units of the sub-fund in circulation during the year.

3.10 Taxation

The income of Pakistan Islamic Pension Fund is exempt from tax under clause 57(3)(viii) of Part I of the Second Schedule to the Income Tax Ordinance, 2001. Further, through Finance Act, 2011, effective from July 01, 2011, pension funds are included in the list of entities on which the provisions of section 113 regarding minimum tax shall not apply.

3.11 Revenue recognition

- Realised capital gains / losses arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Unrealised capital gains / losses arising on marking to market of investments classified as 'Financial assets at fair value through profit or loss' - held-for-trading are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the right to receive dividend is established.
- Income from term finance certificates is recognised on time proportion basis.
- Income from government securities is accrued using the effective interest rate method.
- Profit on bank deposits is recognised on an accrual basis.

3.12 Cash and cash equivalents

Cash and cash equivalents comprise of balances with banks.

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

3.13 Foreign currency translation

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement. Translation differences on non-monetary financial assets and liabilities such as equities at fair value through profit or loss are recognised in the Income Statement within the fair value net gain or loss.

3.14 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. The financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

6.1 The Finance Act, 2013 introduced an amendment to Federal Excise Act, 2005 whereby Federal Excise Duty (FED) has been imposed at the rate of 16% of the services rendered by asset management companies. In this regard, a Constitutional Petition has been filed by certain collective investment schemes (CISs) and Pension Funds through their trustees in the Honourable High Court of Sindh (SHC), challenging the levy of Federal Excise Duty on Asset Management services after the eighteenth amendment. The SHC in its short order of September 2013 directed the FBR not to take any coercive action against the petitioners pursuant to impugned notices till next date of hearing. In view of uncertainty regarding the applicability of FED on asset management services, the management, as a matter of abundant caution, has decided to retain and continue with the provision of FED and related taxes in these financial statements aggregating to Rs.3.326 million as at June 30, 2015 (2014: Rs.1.378 million). In case the suit is decided against the Fund, the same would be paid to the Pension Fund Manager, who will be responsible for submitting it to the authorities. Had the said provision of FED and related taxes not been recorded in the books of account of the Fund, the Net Asset Value (NAV) per unit of the Fund would have been higher by Rs.1.17 per unit (2014: Re.0.59 per unit) in respect of equity sub fund, Re.0.82 per unit (2014: Re.0.40 per unit) in respect of debt sub fund and Rs.1.03 per unit (2014: Re.0.46 per unit) in respect of money market sub fund as at June 30, 2015.

6.2 The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance), whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment, all Collective Investment Schemes (CISs) / mutual funds whose income exceeds Rs.0.5 million in a tax year have been brought within the scope of the WWF Ordinance thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain Collective Investment Schemes (CISs) through their trustees in the Honourable Sindh High Court (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In 2011, a single judge of the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts, 2006 and 2008 have been declared unconstitutional and therefore struck down.

However, in 2013, a Larger Bench of the SHC issued a judgment in response to a petition in another similar case in which it was held that the amendments introduced in the WWF Ordinance through Finance Acts, 2006 and 2008 do not suffer from any constitutional or legal infirmity.

The Pension Fund Manager as a matter of abundant caution started making provision effective from May 10, 2013 in view of the afore mentioned developments and uncertainties created by the recent decision of the Honourable Sindh High Court. Had the said provision of WWF not been recorded in the books of account of the Fund, the NAV of the Fund would have been higher by Rs.3.66 per unit (0.97%) (2014: Rs.1.50 per unit (0.83%)), Rs.0.79 per unit (0.38%) (2014: Rs.0.57 per unit (0.18%)) and Rs.0.58 per unit (0.30%) (2014: Rs.0.77 per unit (0.16%)) for Equity Sub Fund, Debt Sub Fund and Money Market Sub Fund respectively.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

Further, in May 2014, the Honourable Peshawar High Court (PHC) held that the impugned levy of contribution introduced in the Ordinance through Finance Acts, 1996 and 2009 lacks the essential mandate to be introduced and passed through a Money Bill under the constitution and, hence, the amendments made through the Finance Acts were declared as 'Ultra Vires'.

However, as per the legal counsel the stay granted to Collective Investment Schemes (CIS) remains intact and the constitutional petitions filed by the CIS to challenge the Workers' Welfare Fund contribution have not been affected by SHC judgment.

The Finance Act, 2015 has excluded Mutual Funds and Collective Investment Schemes from the definition of 'industrial establishment' subject to WWF under WWF Ordinance, 1971. Accordingly, no provision for WWF is made from July 01, 2015 onwards. However, provision made from May 10, 2013 to June 30, 2015 has not been reversed as the above lawsuit is pending in the SHC.

7. CONTINGENCIES AND COMMITMENTS

7.1 As disclosed in note 6.2, the Fund commenced making provision in respect of WWF with effect from May 10, 2013. The unrecognised liability for contribution to WWF for the period from July 01, 2008 to May 09, 2013 amounts to Rs.1.168 million, Rs.0.801 million and Rs.0.592 million for Equity Sub-Fund, Debt Sub-Fund and Money Market Sub-Fund (aggregating to Rs.2.561 million) respectively.

7.2 There were no commitments outstanding as at June 30, 2015 (2014: Nil).

8. BASIS OF ALLOCATION OF EXPENSES TO EACH SUB-FUND

Remuneration to the Pension Fund Manager, Trustee and annual fee to the SECP is allocated to each sub-fund on the basis of the net assets of the sub-fund.

- Expenses specifically incurred by a sub-fund, such as custody and settlement charges, fees and subscription and bank charges are charged to that sub-fund.
- Auditors' remuneration and legal and professional charges are allocated on the basis of the net assets of each sub-fund.
- Amortisation of formation cost is charged equally to the sub-funds.

9. REMUNERATION OF PENSION FUND MANAGER

This represents remuneration of the Pension Fund Manager at the rate of 1.5 percent (2014: 1.5 percent) of the average of the amount of net assets of each sub-fund computed each day for determining the prices of units of the sub-funds.

10. SALES TAX ON REMUNERATION OF PENSION FUND MANAGER

The Sindh Provincial Government has levied Sindh Sales Tax through Sindh Sales Tax on Services Act, 2011 at the rate of 15% (2014: 16%) on Pension Fund Manager's remuneration.

11. REMUNERATION OF CENTRAL DEPOSITORY COMPANY LIMITED - TRUSTEE

This represents remuneration of the Trustee based on the tariff as specified in the Trust Deed, calculated on the basis of the net asset value of each sub-fund computed each day for determining the prices of units of the sub-funds.

12. ANNUAL FEE - SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

This represents annual fee to the SECP at the rate of one thirtieth of one percent of the average annual net assets of each sub-fund.

17. FINANCIAL RISK MANAGEMENT

The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. Risk of the Fund is being managed by Pension Fund Manager in accordance with the approved policies of the Investment Committee which provides guidelines for management of above mentioned risks.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

The Fund's primary financial assets comprise of balances with banks, available-for-sale and designated at fair value through profit or loss investments, comprising of, equity securities of listed companies, Pakistan Investment Bonds, Treasury Bills, Government of Pakistan Ijarah Sukuks, Term Finance Certificates and Sukuk bonds. The Fund also has dividend receivable, interest receivable, deposits and other receivables. The Fund's principal financial liabilities include remuneration payable to Pension Fund Manager, Trustee and SECP and accrued and other liabilities.

17.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Pension Fund Manager manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board and regulations laid down by the SECP and the VPS Rules, 2005.

Market risk comprises of three types of risk: currency risk, interest rate risk and price risk.

17.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

17.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

Sensitivity analysis for variable rate instruments

a) As at June 30, 2015, the Debt Sub-Fund holds:

KIBOR based profit bearing TFCs and Sukuk bonds exposing the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in KIBOR, with all other variables held constant, the net assets of the Fund as on June 30, 2015 and net income for the year then ended would have been higher / lower by Rs.0.02 million (2014: Rs.0.095 million).

b) Money Market Sub-Fund and Debt Sub-Fund holds Pakistan Investment Bonds which are classified as 'available-for-sale' and 'at fair value through profit or loss', exposing the Sub-Funds to interest rate risk. In case of 100 basis points increase / decrease in rates announced by MUFAP (Mutual Funds Association of Pakistan) on June 30, 2015, with all other variables held constant, the net assets of the Fund and net income for the year would have been lower / higher by Rs.5.34 million (2014: Rs.2.15 million).

c) The Fund holds balances in deposit accounts with banks, exposing the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in KIBOR, with all other variables held constant, the net assets of the Fund as on June 30, 2015 and net income for the year then ended would have been higher / lower by Rs.0.348 million (2014: Rs.0.346 million).

The composition of the Fund's investment portfolio, KIBOR rates, rates announced by Reuters and rates announced by MUFAP are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2015 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

17.1.3 Price risk

Equity Sub-Fund

Price risk is a risk that the value of financial instruments may fluctuate as a result of changes in market price. The Equity Sub-Fund is exposed to equity price risk because of investments held by the Equity Sub-Fund and classified on the balance sheet as 'available-for-sale' and 'at fair value through profit or loss' - held-for-trading. To manage its price risk arising from investment in equity securities, the Equity Sub-Fund's investment policy limits investments in listed shares of one company to not more than 10% of its net assets. Moreover, the sector limits have been restricted to 35% of the net assets of the Sub-Fund.

In case of 5% increase / decrease in KSE 100 index on June 30, 2015, the net assets relating to the Equity Sub-Fund and total net assets of the Fund would increase / decrease by Rs.20.48 million (2014: Rs.10.09 million) as a result of gains / losses on equity securities classified as available-for-sale and at fair value through profit or loss.

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Sub-Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 index, having regard to the historical volatility of the index. The composition of the Sub-Fund's investment portfolio and the correlation thereof to the KSE index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2015 is not necessarily indicative of the effect on the Sub-Fund's net assets of future movements in the level of KSE 100 index.

Debt Sub-Fund

The Debt Sub-Fund is exposed to price risk because of Term Finance Certificates (TFCs) and Sukuk bonds held by the Debt Sub-Fund and classified on the balance sheet as 'available-for-sale' and 'at fair value through profit or loss' - held-for-trading.

In case of increase / decrease in price of TFCs and Sukuk bonds as a result of 5% increase / decrease in rates determined by MUFAP as on June 30, 2015, the net assets relating to the Debt Sub-Fund and total net assets of the Fund would increase / decrease by Rs.0.129 million (2014: Rs.0.128 million) as a result of gains / losses on TFCs and Sukuk bonds classified as 'available-for-sale' and 'at fair value through profit or loss' - held-for-trading.

The analysis is based on the assumption that the price had increased / decreased as a result of decrease / increase in effective yield by 1% with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the effective yield. The composition of the Sub-Fund's investment portfolio is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2015 is not necessarily indicative of the effect on the Sub-Fund's net assets of future movements in the level of effective yield.

17.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund's credit risk is primarily attributable to its investment in debt securities. The Fund is also exposed to counter party credit risks on balances with banks and interest receivable. The credit risk on these funds is limited because the counterparties are financial institutions with reasonably high credit ratings. In addition, the internal risk management policies and investment guidelines (approved by the Board) require the Fund to invest in debt securities that have been rated as investment grade by a well known rating agency.

The Fund has adopted a policy of only dealing with creditworthy counterparties. This credit rating information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major investors. The Fund's exposure and the credit ratings of its counterparties are continuously monitored.

Credit risk from balances with banks and financial institutions is managed by finance department in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of Directors. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk related to receivables at June 30, 2015 and June 30, 2014 is the carrying amounts of following financial assets.

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

AA	PACRA	0.00%	0.00%
AA-	PACRA	100.00%	100.00%
Unrated	-	0.00%	0.00%

The maximum exposure to credit risk before any credit enhancement as at June 30, 2015 is the carrying amount of the financial assets.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit-worthy counterparties, thereby mitigating any significant concentrations of credit risk.

17.3 Liquidity risk

Liquidity risk is the risk that the Fund may encounter difficulty in raising funds to meet its obligations and commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset at close to its fair value. The Pension Fund Manager manages liquidity risk by continuously analysing the maturities of financial assets and financial liabilities. Since the Participants invest in the Funds with a long-term objective, possibility of a significant redemption pressure is limited.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

18. CAPITAL RISK MANAGEMENT

The Fund's capital is represented by redeemable units of the sub-funds. They are entitled to payment of a proportionate share based on the sub-fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in Participants' Sub-Funds. In accordance with the risk management policies, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption. Since the Participants invest in the Funds with a long-term objective, possibility of a significant redemption pressure is limited, such liquidity being augmented (by short-term borrowings or disposal of investments where necessary). During the year, no such borrowing was exercised.

All units, including the core units, and fractions thereof, represent an undivided share in the pertinent sub-funds of the Fund and rank pari passu as to their rights in the net assets and earnings of such sub-fund and shall not be tradable or transferable. Each participant has a beneficial interest in the sub-fund proportionate to the units held by such participant in such sub-fund.

19. SEGMENT INFORMATION

As per IFRS 8, operating segments are reported in a manner consistent with the internal reporting used by the chief decision-maker. Investment Committee has been identified as the chief decision-maker, who is responsible for allocating resources, assessing performance of the operating segments and is responsible for the Fund's entire product and considers the business to have three operating segments i.e. PPF Equity Sub-Fund, PPF Debt Sub-Fund and PPF Money Market Sub-Fund. The Fund's asset allocation decisions are based on the allocation scheme selected by the participant out of the allocation schemes offered by the Pension Fund Manager. The Fund's performance is also evaluated on the sub-funds basis.

The internal reporting provided to the Board of Directors of the Management Company for the Fund's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of approved accounting standards as applicable in Pakistan.

The Fund is domiciled in Pakistan. All of the Fund's income is from investments in entities incorporated in Pakistan.
