REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE QUARTER ENDED DECEMBER 31, 2014

Dear Investor,

On behalf of the Board of Directors, I am pleased to present MCB Dynamic Cash Fund's accounts review for the first half ended December 31st 2014.

ECONOMY AND MONEY MARKET OVERVIEW

In the wake of decline in oil prices in the international market, the country witnessed significant improvement in the macroeconomic indicators. Oil prices fell by 48 percent during the first half of the current fiscal year, aided by increase in global oil production amid weak demand.

Consequently, inflation remained subdued with CPI averaging around 6.11 percent during the 1HFY15. If oil prices, which eased down to a five-year low in December, stabilize below \$60 per barrel, inflation is likely to persist in lower ranges during the second half of the current fiscal year.

Despite decline in oil prices, the country's trade deficit widened to \$ 9.7 billion during 1HFY15 as opposed to deficit of \$ 8.6 billion during the corresponding period last year. Exports remained subdued perhaps due to lower cotton prices and disruptive power supplies. With oil imports accounting for one-third of the country's total import bill, trade deficit is forecasted to narrow down in the coming months reflecting significant drop in oil prices.

At the same time, financial account registered a surplus of \$ 2.4 billion as compared to a surplus of \$ 0.24 billion recorded during the same period last year. This is mainly due to increase in portfolio investments after the government successfully raised \$ 1 billion through Sukuk auction. However, foreign direct investment yet failed to pick up pace during the first half.

The country's foreign reserve balance also improved towards the end of the year after the country received \$1 billion through Sukuk auction in November and IMF released 4th and 5th tranche amounting to \$1.1 billion in December. The country's reserve balance totaled to \$14.9 billion at the end of December 2014.

Keeping in view lower inflationary pressure and stable foreign reserves position, the government had announced 50 bps cut in the discount rate in the monetary policy held in November, bringing the discount rate to 9.5 percent. Moreover, the gap between discount rate and inflation is still hovering above 5 percent which supports the case for further monetary easing down the line.

M2 has expanded by 3.08 percent during the 1HFY15 (till 26th December) as opposed to expansion of 4.76 percent during the same period last year. While borrowing from the banking system stood at Rs 243 billion as opposed to borrowing of around Rs 539 billion during the same period last year.

In the money market, short term market rates remained on the higher side amid tight liquidity in the system. PIB rates moved downwards in anticipation of cut in the discount rate. Major activity was witnessed in the longer tenor bonds causing the yield curve to move sharply in the downward direction.

FUND PERFORMANCE

During the period under review, the fund generated an annualized return of 14.08% as against its benchmark return of 9.91%, an outperformance of 4.17% mainly due to cut in Interest rates which cause higher mark to market gains in the fund.

The fund allocation remained notably in T-Bills and PIBs almost throughout the period. At period-end, the fund was 21.6% invested in T-Bills, 56% in PIBs, 8.7% in TDRs and 0% in cash.

The Net Asset of the Fund as at December 31, 2014 stood at Rs.12,414 million as compared to Rs.11,102 million as at June 30 2014 registering a increase of 11.82%.

The Net Asset Value (NAV) per unit as at December 31, 2014 was Rs.108.2803 as compared to opening NAV of Rs.101.1030 per unit as at June 30, 2014 registering a increase of Rs.7.1773 per unit.

**REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY
FOR THE QUARTER ENDED DECEMBER 31, 2014**

FUTURE OUTLOOK

Economic activity is expected to gain momentum in 2015. The manufacturing activity will be driven by lower energy cost, weak raw material prices, improvement in gas supply situation and progress on the political front. In a major positive development, the government is planning to import LNG to ease off gas shortage in the country.

Although the government is eyeing increase in foreign inflows through pledges made by multilateral agencies, approved project financing and divestment of strategic assets, improvement in reserve position largely hinges on volatile law and order situation. In the near-term, realization of expected inflows-through divestment of shares of HBL would be crucial, where the country is expected to raise around \$1 billion. We believe that the sustainability of external account, in the presence of subdued inflationary pressures, would be a key factor in shaping up interest rate direction.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

Yasir Qadri
Chief Executive Officer

6.1 FEDERAL EXCISE DUTY ON REMUNERATION OF MANAGEMENT COMPANY

As per the requirements of the Finance Act 2013, Federal Excise Duty (FED) at the rate of 16% on the services of the Management Company has been applied effective June 13, 2013. The Management Company is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED results in double taxation, does not appear to be the spirit of the law. The matter has been collectively taken up by the Management Company jointly with other Asset Management Companies and Central Depository Company of Pakistan Limited on behalf of schemes through a constitutional petition filed in the Honourable Sindh High Court (SHC) during September 2013 which is pending adjudication. However, the SHC has issued a stay order against the recovery of FED. The Fund, as a matter of abundant caution, has charged FED and sales tax on service thereon in its financial statements with effect from June 13, 2013.

6.2 Provision for Workers' Welfare Fund

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance), whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment, all Collective Investment Schemes (CISs) mutual funds whose income exceeds Rs.0.5 million in a tax year have been brought within the scope of the WWF Ordinance thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain Collective Investment Schemes (CISs) through their trustees in the Honourable Sindh High Court (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In 2011, a single judge of the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts, 2006 and 2008 have been declared unconstitutional and therefore struck down.

However, in 2013, a Larger Bench of the SHC issued a judgment in response to a petition in another similar case in which it is held that the amendments introduced in the WWF Ordinance through Finance Acts, 2006 and 2008 do not suffer from any constitutional or legal infirmity.

Further, in May 2014, the Honourable Peshawar High Court (PHC) held that the impugned levy of contribution introduced in the Ordinance through Finance Acts, 1996 and 2009 lacks the essential mandate to be introduced and passed through a Money Bill under the constitution and, hence, the amendments made through the Finance Acts are declared as 'Ultra Vires'.

**NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL INFORMATION
FOR THE HALF YEAR AND QUARTER ENDED DECEMBER 31, 2014**

As the matter relating to levy of WWF is currently pending in the Court, the Management Company, as a matter of abundant caution, has decided to retain and continue with the provision for WWF amounting to Rs.112.784 million (June 30, 2014: Rs.98.643 million) in these condensed interim financial statements. Had the provision not been made, the net asset value per unit of the Fund would have been higher by Rs.0.98 per unit (0.91%) (June 30, 2014: Rs.0.90 per unit (0.89%)).

7. TAXATION

The Fund's income is exempt from income tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders by way of cash dividend. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the Fund is required to distribute 90% of the net accounting income other than unrealised capital gains to the unit holders. The Fund is also exempt from the provision of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the management intends to distribute the income earned by the Fund during the year to the unit holders in the manner as explained above accordingly no provision for taxation has been made in these financial statements.

8. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed, as in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating earnings per unit is not practicable.
