REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE QUARTER ENDED DECEMBER 31, 2014

Dear Investor,

On behalf of the Board of Directors, I am pleased to present Pakistan Income Fund's accounts review for the first half ended December 31st 2014.

ECONOMY AND MONEY MARKET OVERVIEW

In the wake of decline in oil prices in the international market, the country witnessed significant improvement in the macroeconomic indicators. Oil prices fell by 48 percent during the first half of the current fiscal year, aided by increase in global oil production amid weak demand.

Consequently, inflation remained subdued with CPI averaging around 6.11 percent during the 1HFY15. If oil prices, which eased down to a five-year low in December, stabilize below \$60 per barrel, inflation is likely to persist in lower ranges during the second half of the current fiscal year.

Despite decline in oil prices, the country's trade deficit widened to \$ 9.7 billion during 1HFY15 as opposed to deficit of \$ 8.6 billion during the corresponding period last year. Exports remained subdued perhaps due to lower cotton prices and disruptive power supplies. With oil imports accounting for one-third of the country's total import bill, trade deficit is forecasted to narrow down in the coming months reflecting significant drop in oil prices.

At the same time, financial account registered a surplus of \$ 2.4 billion as compared to a surplus of \$ 0.24 billion recorded during the same period last year. This is mainly due to increase in portfolio investments after the government successfully raised \$ 1 billion through Sukuk auction. However, foreign direct investment yet failed to pick up pace during the first half.

The country's foreign reserve balance also improved towards the end of the year after the country received \$1 billion through Sukuk auction in November and IMF released 4th and 5th tranche amounting to \$1.1 billion in December. The country's reserve balance totaled to \$14.9 billion at the end of December 2014.

Keeping in view lower inflationary pressure and stable foreign reserves position, the government had announced 50 bps cut in the discount rate in the monetary policy held in November, bringing the discount rate to 9.5 percent. Moreover, the gap between discount rate and inflation is still hovering above 5 percent which supports the case for further monetary easing down the line.

M2 has expanded by 3.08 percent during the 1HFY15 (till 26th December) as opposed to expansion of 4.76 percent during the same period last year. While borrowing from the banking system stood at Rs 243 billion as opposed to borrowing of around Rs 539 billion during the same period last year.

In the money market, short term market rates remained on the higher side amid tight liquidity in the system. PIB rates moved downwards in anticipation of cut in the discount rate. Major activity was witnessed in the longer tenor bonds causing the yield curve to move sharply in the downward direction.

FUND PERFORMANCE

During the period under review, the fund generated an annualized return of 12.66% as against its benchmark return of 10.27%, an outperformance of 2.39%. At period-end, the fund was 25.4% invested in Treasury Bills, 28.7% in TFCs and 41.5% in PIBs.

**REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY
FOR THE QUARTER ENDED DECEMBER 31, 2014**

Weighted average maturity of the fund increased to 2.4 years at period end compared to 2.2 years at June end.

The Net Asset of the Fund as at December 31, 2014 stood at Rs. 1,037 million as compared to Rs.1,008 million as at June 30 2014 registering an increase of 2.8%.

The Net Asset Value (NAV) per unit as at December 31, 2014 was Rs.55.36 as compared to opening NAV of Rs.52.04 per unit as at June 30, 2014 registering an increase of Rs. 3.32 per unit.

FUTURE OUTLOOK

Economic activity is expected to gain momentum in 2015. The manufacturing activity will be driven by lower energy cost, weak raw material prices, improvement in gas supply situation and progress on the political front. In a major positive development, the government is planning to import LNG to ease off gas shortage in the country.

Although the government is eyeing increase in foreign inflows through pledges made by multilateral agencies, approved project financing and divestment of strategic assets, improvement in reserve position largely hinges on volatile law and order situation. In the near-term, realization of expected inflows-through divestment of shares of HBL would be crucial, where the country is expected to raise around \$1 billion. We believe that the sustainability of external account, in the presence of subdued inflationary pressures, would be a key factor in shaping up interest rate direction.

ACKNOWLEDGMENT

The Board is thankful to the Fund's valued investors, the Securities and Exchange Commission of Pakistan and the Trustees of the Fund for their continued cooperation and support. The Directors also appreciate the efforts put in by the management team.

On behalf of Directors,

Yasir Qadri
Chief Executive Officer

5.6 DETAILS OF NON-COMPLIANT INVESTMENT WITH THE INVESTMENT CRITERIA AS SPECIFIED BY SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with Clause (v) of the investment criteria laid down for 'Income Scheme' in Circular no. 7 of 2009, the Fund is required to invest in any security having rating not lower than the investment grade (credit rating of BBB and above). However, as at 31 December 2014, the Fund is non-compliant with the above mentioned requirement in respect of the following investments. The securities were in compliance of the circular (i.e. investment grade) at the time of purchase and were subsequently downgraded to non investment grade by MUFAP on default by respective issuer in repayment of coupon due on respective dates. The Fund holds 100% provision against such investment as enumerated below:

- 6.1** The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance), whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment, all Collective Investment Schemes (CISs) / mutual funds whose income exceeds Rs.0.5 million in a tax year have been brought within the scope of the WWF Ordinance thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable Sindh High Court (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In 2011, a single judge of the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts, 2006 and 2008 have been declared unconstitutional and therefore struck down.

However in 2013, the Larger Bench of the Sindh High Court (SHC) issued a judgment in response to a petition in another similar case in which it was held that the amendments introduced in the WWF Ordinance through Finance Acts, 2006 and 2008 do not suffer from any constitutional or legal infirmity.

However, as per advice of legal council the stay granted to CISs remains intact and constitution petitions filed by CISs to challenge the WWF contribution have not been affected by the SHC judgement. In view of the aforementioned developments and uncertainties created by decision of SHC, the management company as a matter of prudence has charged provision for WWF amounting to Rs. 23.199 million till December 31, 2014. Had the said provision of WWF not been recorded in the books of account of the Fund, the NAV of the Fund would have been higher by Rs. 1.24 per unit.

- 6.2** The Finance Act 2013 introduced an amendment to Federal Excise Act 2005 where by Federal Excise Duty (FED) has been imposed at the rate of 16% of the services rendered by assets management companies. In this regard, a Constitutional Petition has been filed by certain Collective Investment Schemes through their trustees in the Honourable Sindh High Court (SHC), challenging the levy of FED on Asset Management services after the eighteenth amendment. The SHC in its short order of September 2013 directed the FBR not to take any coercive action against the petitioners pursuant to impugned notices till next date of hearing. In view of uncertainty regarding the applicability of FED on asset management services, the management, as a matter of prudence, has decided to retain and continue with the provision of FED and related taxes in financial information aggregating to Rs. 4.386 million as at December 31, 2014. In case, the suit is decided against the fund the same would be paid to management company, who will be responsible for submitting the same to authorities. Had the said provision of FED and related taxes were not recorded in the books of account of the Fund, the NAV of the Fund would have been higher by Rs. 0.23 per unit as at December 31, 2014.

7. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at December 31, 2014 and June 30, 2014 other than those stated in note 8 to the condensed interim financial information.

**NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED)
FOR THE HALF YEAR AND QUARTER ENDED DECEMBER 31, 2014**

8. TAXATION

8.1 The Fund's income is exempt from Income Tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (the Ordinance) subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised, is distributed amongst the unit holders. The Fund is also exempt from the provision of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Ordinance. As the management intends to distribute at least 90% of income earned during current year to the unit holders, therefore, no provision for taxation has been recorded in these financial statement.

8.2 The income tax returns till the tax year 2014 have been filed and are deemed to be assessed under section 120 of the Income Tax Ordinance, 2001 (the Ordinance) except for tax years 2008 and 2012 for which Order under section 122(5A) of the Ordinance has been received that the Fund is not entitled to the exemption from income tax on the basis that the distribution of bonus shares should not be included in calculation of distribution of 90% of declared profit required to claim exemption from income tax. This issue has also been raised by the department in other mutual funds. The Fund filed a petition in the Sindh High Court (SHC) against the demands raised in this respect and has obtained a stay order against the payment of tax demand. Other Mutual Funds are also contesting the same at different appellate forums of Federal Board of Revenue. The Commissioner Inland Revenue (Appeals) has also decided in favour of the fund wherein the earlier notices served by Tax authorities have been annulled. The management, based on the tax advise obtained by Mutual Funds Association of Pakistan from various tax advisors, is confident that the case would ultimately be decided in favor of the Fund and therefore no provision is required to be made in this condensed interim financial information.

9. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed, as in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating earnings per unit is not practicable.
